glory of the cutting and slashing, is by no SWAN & CO.'S LOTTERIES that in more than half the cases where the knife is used in hospitals and private practice, Holloway's inestimable Ointment would render its employment unnecessary, by reducing the inflammation, and precluding all danger of lockjaw, mortification, or gangrene. We advise all who are suffering from wounds, fractures, tumors, cancers, diseases of the bones, etc. etc., to try this healing, cooling, disinfecting preparation, before they suffer steel or caustic to come in contact with their flesh .-The Pills should be taken to purify the blood, while the Ointment is applied externally. 120
